

**Exwold is a contract chemical processing company based in the UK with decades of experience formulating and processing speciality chemicals for multi-national chemical and agrochemical companies.**

**It is the policy of EXWOLD TECHNOLOGY LIMITED (ETL) to ensure that the health, safety and wellbeing of all persons are not negatively impacted as a result of its business activities. ETL will undertake the following commitments to ensure the effectiveness of health, safety and wellbeing management:**

- 1. Prevent accidents and cases of work-related ill health by managing the health and safety risks in the workplace.**
- 2. Provide clear instructions and information, and adequate training, to ensure employees are competent to do their work.**
- 3. Engage and consult with employees on day-to-day health and safety conditions.**
- 4. Implement emergency procedures – evacuation in case of fire or other significant incident.**
- 5. Maintain safe and healthy working conditions, provide and maintain plant, equipment and machinery, and ensure safe storage/use of substances.**

**The Health and Safety Law Poster is displayed in all canteen areas and/or Site Supervisor Offices on Exwold sites.**

**Health and Safety Advice can be externally obtained from [www.hse.gov.uk](http://www.hse.gov.uk) and internally via the Compliance Manager.**

**All Exwold sites have trained first aiders details of which can be found in canteen areas. As a minimum first aid kits are located in Site Supervisor Offices.**
